INTRODUCTION AND EXPLANATORY NOTES

Public Library Statistics 1982-83 consists of the same format as the previous three years. We have continued and expanded the previous economies. This issue does not contain "Additional Statistics" we gather nor the "Acquisitions Section" which previously preceded the "Holdings and Circulation" Data. We have, however, included a Summary Chart of Acquisitions on page iv. For those who wish added information on interlibrary loan, reference service, physical facilities, public service outlets, or acquisition data, we maintain a complete set of computer print-outs at the State Library.

Three detailed analytical studies are published in Sections IV, V and VI. Available, but not included in this publication are universal rankings of libraries and selected studies on materials, space and personnel. For additional analytic data, or profiles of individual libraries please call 515-281-4328.

After five years of almost consistent programming of statistical data, it seems appropriate to make some general statements related to trends observed from a first study of 1979 through 1983 data.

In terms of impact, inflation reared its very ugly self in 1981 and 1982. 1981 remains the "peak" year for many trends. Total income (1981-$34,512,965) and total expenditures ($23,638,902) were the highest; precentage of expenditures devoted to personnel was the lowest (38.2%) while miscellaneous expenditures were the highest (39.7%). The acquisition rate for books was one of the lowest. 1980 had brought a negative acquisition rate for audiovisual materials and 1981 struggled to return the rate to even that of 1979. The number of audio-visual titles acquired in 1983 does not yet equal those acquired in 1979. Micromaterials follow almost the same path. 1981 also brought the lowest per capita circulation during this five year period.

Major trends for 1979-1983

--- Municipal income increased at a rate of 46.3% while county income increased at a rate of 64.9%.

--- By source, the percentage of total income provided by all federal funds has continued to decline (1979 4.9%, 1983-2.2%)

--- Book holdings grew by its largest percentage (5.5%) during the period of 1982 through 1983. Previous rates during the five year period had not exceeded 2.9%.

---Periodical holdings through this five year period remained fairly consistent, the lowest point being 1980.

--- Audio-Visual and micro-material holdings grew at about double the rate of books.

--- Total acquisitions grew by about 17.8%.

--- Both print and non-print circulation grew by approximately 20% and per capita circulation grew at a rate of 11.7%.

--- Libraries serving less that 500 continued through this period to be the only group which had a higher level of support from county government than from municipal sources (in 1983 42.2% of budget was county supported while 27.2% was municipally supported). In terms of percentages, the bigger the library the less county support received.

--- There has been a net gain of seven libraries in five years resulting partially from a net loss of 19 in the group that served 500 to 999 and a net gain of 17 in the group of libraries which serve 1,000 to 2,500, plus several other smaller changes.

--- There has been 11.6% increase in library employees holding masters level degrees in information/library science. Most of the numerical increase has occurred in libraries serving 50,000 or more people, however, there was a 31% increase in libraries serving 5,000 to 9,999 (1979-16, 1983-21).

--- The number of college graduates holding a bachelor level degree has grown very little; however, it has decreased significantly in those libraries where MLS degree holders have increased and has increased significantly in libraries serving from 1,000 to 2,500 (57.1%)

--- Plant operation took more of the average budget in 1983 (11.63%) than it did in 1979 (10.2%). During this period libraries serving less than 5,000 have frequently spent more than the state average .

--- Finally, through this period, libraries have responded exceedingly well to the annual survey. We should all be proud that, on the average, 96.8% of the state's public libraries responded in 1983 and that for the past 5 years there has always been a better than 95% response.

Each place is followed immediately by its population as taken from: U.S. Bureau of Census, 1980 Census of Population and Housing Advance Reports issued March 1981 (PHC80-V-17), with the exception of those libraries listed in Category I -County Libraries. The population listed for each of those libraries is the actual population portion of that county served by the county library and reported to the Iowa State Library by the county librarians.

---- indicates no response
0 (zero) as a response is always reported.

Of the 513 public libraries in Iowa, the following number responded to the following identified sections of the Public Library Survey:

495 reported Income,
495 reported Expenditures,
495 reported Acquisitions,
497 reported Holdings,
496 reported Circulation,
499 reported Additional Statistics, and
500 reported Salaries and Salary Ranges.

Each of the following tables is divided into the following size groups.

A - libraries serving less than 500 - 111
B - libraries serving 500 - 999 - 138
C - libraries serving 1,000 - 2,499 - 141
D - libraries serving 2,500 - 4,999 - 52
E - libraries serving 5,000 - 9,999 - 36
F - libraries serving 10,000 - 24,999 - 12
G - libraries serving 25,000 - 49,999 - 9
H - libraries serving 50,000 and over - 8
I - county libraries - 4

Each place has its proper regional designation:

C - Central
EC - East Central
NC - North Central
NE - Northeast
NW - Northwest
SE - Southeast
SW - Southwest

ACKNOWLEDGEMENTS

To the patient and diligent team who contribute so much to this publication:

Financial Information - Section I

INCOME - Columns 1 - 12

New Additions to Income data:
- Column 2 - Per Capita Municipal Income
- Column 4 - Per Capita County Income
- Column 7 - Per Capita Total Operating Income
- Column 12 - Per Capita Total Income

Total Operating (col. 8) consists of all funds not designated as Capital/Trust on the survey form.

Total Capital Fund (col. 10) not only reflects the amount, but designates the source as follows:

B - Balance Carried Forward
M - Municipal
C - County
F - Federal Revenue Sharing
O - Other Federal
G - Gifts, Donations & Other Capital

Total Receipts (col. 11) is the combination of Total Operating Income and Total Capital Income.

EXPENDITURES - Columns - 13-27

New Additions to Expenditure Data:
- Column 19 - Per Capita Materials Cost
- Column 21 - Per Capita Plant Operation Cost
- Column 27 - Per Capita Total Expenditures

Column 25 -all other costs. This column totals a final category of expenditures in order to apportion budget into the four standard categories: personnel, library material, plant operation and all other costs.

Materials - Section II

> - a symbol which follows an entry in a column to indicate that that entry is the total of the columns in which it appears plus the column to its immediate right. It is referred to as a stretch.

Holdings are represented by title counts only.

We have applied a formula to convert volumes to titles where no title count was given. Since we no longer publish volume counts, we have tried to standardize title counts for later computer analysis.

In libraries serving less than 10,000, when only volume count was given, the following formula was applied:

90% x volume count = title count

In libraries serving over 10,000 the following formula was applied to volume count when no title count was given:

66 2/3% x volume count = title count.

T appears preceding the number in Total Titles when a formula has been applied to a volume count.

Uncataloged Material has been added to the Holdings immediately following Total Titles, therefore Total Holdings reflects the sum of preceding columns with the exception of Total Titles.

Personnel , Hours Open, Salary Ranges -- Section III

Internal summaries by size group appear in Staff By Highest Earned Degree section of this chart.

Professional FTE reflects the total professional staff as determined by the reporting library and is not necessarily related to degrees held by staff.

The following four columns (2,3,4,5) designate degrees held by those reported in Professional FTE column.

All FTE data (column 1,6,7) has been carried to 2 decimal places, therefore for the first time we are able to represent FTE data more accurately than previous editions.

Statewide totals relating to personnel appear at the end of this chart, internal totals appear at the end of each size group.

Hours Open has been rounded off to one decimal place, therefore, there can be up to a ± .05 error in this column. The column denotes official open hours of the library and not necessarily hours worked by full-time staff.

Salaries are reported in annual figures where possible.

H (hourly) and M (monthly) were used when it was not possible to determine annual salary.

Section IV Ratio and Percentages Study By Size Group

The following study is divided by our standard size groupings, A-I.

Because populations range widely even within our standard groupings this study is produced in per cents, per capitas, and per thousand inhabitants, allowing a common denominator approach. This study allows each library to find how it varies from the average or median (middle point) in 18 different subject areas.

The subject areas covered are abbreviated. For your ease of reading we have written them out fully in order.

MUN P CP - Municipal Income Per Capita
CO P CP - County Income Per Capita
OP P CP - Operating Income Per Capita
ALL P CP - All Income Per Capita (incl. capital income)
* EXP P CP - Expenditures Per Capita
* PCNT SAL - Percent of all expenditures which represents all salaries
* PCNT MAT - Percent of all expenditures which represent all material costs
* PCNT PLT - Percent of all expenditures which represent costs of plant operation
* PCNT OTH - Percent of all expenditures which represents all other costs
SQFT CP - Square footage of library space per thousand inhabitants of service area
AQ P CP - Acquisitions per capita
H PR PC - Print holdings per capita
H NPR PC - Non-print holdings per capita
H TOT PC - Total holdings per capita
CIRC PC - Circulation per capita
TURNOVER - Total circulation divided by total holdings
STAF P M - Total staff per 1,000 inhabitants of service area
PRO P M - Total professional staff per 1,000 inhabitants of service area

Example of use of these studies:

If your library is in a town of less than 500 and you want to know how you compare with your other peers in group A in municipal income, you will find your municipal income per cap listed in the Income Section (Chart I) of this book. You can then see the average municipal income per capita in this section under Group A Statistics is $4.28 and the median per capita income is $3.87. The median is usually the more reliable figure which tells you that one-half the libraries in your group have more per capita municipal income and one-half the libraries have less per capita municipal income than the listed median.

Many of the important per capitas are listed in Charts I, II, III. For all other comparative information please contact the State Library for a complete list of libraries in each group with all of the appropriate per capita, per cent, and per thousand data.

*NOTE: If a library has had a large one-time Capital Outlay, it would result in a larger than usual per Capita Expenditure figure and a smaller than usual percentage figure in some other areas.

Section V Operating Income Study

In this study amount of operating income is used to group libraries together*. This allows for comparisons that have nothing to do with service area size groupings and also allows for a study of functions and use of money within groups which have similar operating budgets.

Immediately following this page you will find an alphabetical list of cities by budget group. Once you have found in which budget group you are listed you can go to the approprate analysis chart to find out how you compare with the average and median listed along with the minimum and maximum data for your budget group.

The subject areas covered are abbreviated. For ease of reading we have written them out fully and in the same order in which they appear.

CITY POP - City population
MUN P CAP - Municipal per capita income
COUNTY P CP - County per capita income
OP P CAP - Operating per capita income
CAPINC P CP - Capital income per capita
CAPOUTLAY P CP - Capital outlay per capita
EXP P CAP - Expenditures per capita
PCNT SALARY - Per cent of all expenditures which represents all salaries
PCNT MATERIAL - Per cent of all expenditures which represents material costs
PCNT PLANT - Per cent of all expenditures which represent costs of plant operations
PCNT OTHER - Per cent of all expenditures which represents all other costs
EXP MATERIAL - Costs of all library materials
MATERIAL P CP - Units of material per capita
HLD TOTAL PC - Total holdings per capita
HLD PRINT PC - Print holdings per capita
HLD NONPRINT PC - Non-print holdings per capita
PCNT HLD ADULT - Per cent of total holdings which represents adult holdings
PCNT HLD JUV - Per cent of total holdings which represent juvenile holdings
CIRC P CAP - Circulation per capita
CIRC PRINT PC - Print circulation per capita
CIRC NONPRT PC - Non-print circulation per capita
PCNT ADLT CIRC - Per cent of all circulation which represents adult circ.
PCNT JUV CIR - Per cent of all circulation which represents juvenile circ.
TURNOVER - Total circulation divided by total holdings
STAFF FTE - Total staff in full-time equivalents
PRO FTE - Professional staff in full-time equivalents
SQ FT - Square feet of library space
LIN FT - Linear feet of library shelving
HR OPEN - Number hours the library is open during majority of year
DIRECTR SALARY - Directors salary
PCNT DRCTR SAL - Per cent of operating income represented by director's salary. This calculation not available in group A.

*NOTE: Although operating income has been used to determine how libraries are grouped for the following studies, capital outlay and other expenditure data is included for analysis. The inclusion of that data will affect the percentage data for salary, materials, plant, other expenses and expenditures per capita. For example, if a library had a large one-time capital outlay it would result in smaller than usual percentages in other expenditure areas. Again, this will only happen if there has been a large one-time capital outlay, usually a construction project.

Section VI County Study

The object of this study is to begin to analyze and display data by county and also to investigate the unit cost of circulation. At present information received does not allow for investigation of unit cost for rural or contracting populations. As that information becomes available it will be added to future studies.

Most abbreviations are obvious in meaning, however, NONLIBRARY INCORP AREAS refers to incorporated cities which are not served by their own library, in other words incorporated areas which contract with a public library in another city.

Note that some parts of individual county reports are continued on a following page. Each report contains 4 parts:

1. A listing of all cities with public libraries in the county along with 7 columns of data.
2. SERVED URBAN FOR COUNTY is simply a summary of above data where is is useful.
3. RURAL PATRONS FOR COUNTY - all population which does not reside in an incorporated city.
4. NONLIBRARY INCORPAREAS - explained in the second paragraph above.

STATE LIBRARY OF IOWA

PUBLIC LIBRARY GENERAL INFORMATION SURVEY

FISCAL YEAR 1983

(July 1, 1982 - June 30, 1983)

INSTRUCTIONS:

PART I - GENERAL INFORMATION (Lines 1 - 21 Attached survey form.)

1. LIBRARY. For the purpose of this survey, a library is defined as any organized collection of printed books, periodicals, and any other graphic or audiovisual materials, with the services of a staff to provide and facilitate the use of such materials as are required to meet the informational, research, educational, or recreational needs of its users. A library may consist of a single unit, or it may be a multiunit organization having branches and other outlets administered by a single director under a unified budget.
2. PUBLIC LIBRARY. A library that serves free, all residents of a given community, district, or region. In addition to the tax-supported municipal, county, and regional public libraries, this definition includes privately controlled libraries, which render, without charge, general library service to a community. The public library is governed by a single board of trustees or authority, and is administered by a single director. Examples of public libraries are: (1) the city library with its branches, and (2) the county, multicounty, or regional library with outlets functioning as branches.
3. PERSON TO CONTACT CONCERNING INFORMATION REPORTED IN THIS SURVEY. (Line 6) If person has been named in one of the numbered lines above, indicate line number, if not please fill all sections of line 7.
4. HOURS OPEN EACH DAY (Lines 7-13). Please list only opening and closing times not number of hours. List for typical week. Do not include short term changes - do not list summer hours. For the purposes of this survey only list data which pertains during majority of year.
5. SALARIES (lines 14 - 17). Salary figures should be yearly; where not possible please use p.h. (per hour).
6. DIRECTOR'S SALARY. (Line 14) Please list minimum and maximum if formal schedule exists, then list annualized salary as of 6/30/83, line 14 (part c). If no schedule exists please fill in only part c. SAMPLE: A director has worked 6 months and is paid $1,000 a month. The answer to this question is $12,000, that is the SALARY CALCULATED for 12 months at $1,000 a month. Actual Salary received is included in amount on line 40.

OLD-PLSI-1-5-83

7. PROFESSIONAL SALARIES. (Line 15) Salary figures on this line refer to all those included in Part II, lines 22-26 excluding director. If no formal schedule exists please fill in annualized minimum and maximum salaries paid as of 6/30/83.

8. SUPPORTIVE/TECHNICAL. (Line 16) Please include only supportive/technical staff listed Part II, lines 27 - 31, excluding clerical. If no formal schedule exists, please give current minimum and maximum annualized salaries paid (6/30/83).

9. CLERICAL/SECRETARIAL. (Line 17) Please include all those not included on preceding 3 lines nor as maintenance personnel; for the purpose of this survey all those who are not included on lines 14, 15, 16 or considered maintenance staff will be considered clerical.

10. BRANCHES. (Line 19) Branches are auxiliary libraries with separate quarters, a permanent basic collection of books and other library materials, a permanent staff, and a regular schedulr, but administered from a central unit. Branch libraries are auxiliary units which have all of the following: (1) separate quarters, (2) a permanent basic collection of books, (3) a permanent staff, and (4) a regular schedule for opening to the public. They are, however, administered from a central unit.

11. BOOKMOBILE AND OTHER MOBILE UNIT STOPS. (Line 20) Report the number of places at which bookmobiles and other mobile units stop periodically to provide service. DO NOT REPORT THE NUMBER OF STOPS PER WEEK OR PER MONTH.

12. OTHER PUBLIC SERVICE OUTLET. (Line 21) Each public service outlet administered by your library should be reported as one and only one type of public service outlet. Do NOT report any single outlet twice. Service units that are NOT OPEN TO THE PUBLIC are NOT to be reported as public service outlets. "Other public service outlets", include deposit stations here and NOT under line 21, "Bookmobile and other mobile unit stops".

PART II - LIBRARY STAFF (Lines 22 - 31 Attached survey form)

13. All paid full-time employees and FTE (full-time equivalent) paid part-time employees will be figured on the basis of a 40 hour week. If your library is open less than 40 hours all employees are classed as part-time for the purposes of this survey.

14. FULL TIME EMPLOYEES (line 22, col. a - e, line 27, f, g) report only paid employees who work a minimum of 40 hours a week.

15. PART-TIME EMPLOYEES (line 23 col. a - e; line 28 f, g) report all paid employees who work less than 40 hours.

16. FULL-TIME EQUIVALENTS OF PART-TIME EMPLOYEES. (line 24 and 29) To compute "full-time equivalents" (FTE) of part-time employees, take the number of hours worked per week by a part-time employee and divide it by 40. The following examples illustrate the method of determining full-time equivalents (FTE's), shown to one decimal place:

a. A part-time employee who works 20 hours per week in a library having a 40 hour work week is computed as follows: 20 divided by 40 equals .5 FTE.

b. A part-time employee who works 20 hours a week in a library open less than 40 hours is computed exactly as above (a)

c. An employee who works in a library on a full-time basis during only one-half of the fiscal year would be counted as ONE PART-TIME EMPLOYEE on Lines 23, 28 and .5 FTE on Lines 24, 29 and 26, 31.

17. Do NOT include student and adult volunteers - that is, persons who work in the library, but who receive no pay for such work.

18. TOTAL PERSON HOURS WORKED WEEKLY (lines 25, 30) Please report here total man/woman hours worked by paid employees reported in lines 22, 23, and 27, 28. Example:
2 full time @ 40 hr. = 80
3 part-time 2 @ 20 hr. = 40
1 @ 10 hr. = 10
130 Person Hours on lines 25, 30.
(Please round off to nearest hour.)

19. LIBRARIAN, AUDIO-VISUAL, MEDIA SPECIALISTS ETC. (lines 22 - 26) A staff member doing work that requires professional skill and/or training in the theoretical and/or scientific aspect of library, audio-visual, media work as distinct from its mechanical or clerical aspect. Those entered on lines 22 - 26 CAN NOT appear again on Chart (lines 27 - 31) including technical and other staff.

20. TOTAL, MASTER/PH.D DEGREE. Column (e) is the total number of librarians, media specialists, audio-visual specialists, etc., holding one or more graduate level degrees (above the bachelors level) earned in any field, and is NOT the total number of all professional employees. A person holding two or more graduate degrees is counted only once. Please note also that entrees on lines 22 - 26 are to be by highest earned degree only. Graduate degree refers to Master's Degree and beyond.

21. TOTAL, MASTER & DOCTORATE DEGREES. Column (e) should be greater than or equal to Column (d) "Master/Ph. D. degree earned in librarianship, information science, instructional technology, and/or educational media."

22. NUMBER OF TECHNICAL, CLERICAL, AND OTHER STAFF (col. f) includes all technical and professional staff (as well as clerical and other staff) other than librarians, medial specialists, audio visual specialists, etc., and other than plant operation and maintenance staff. (col. g) Include business managers, computer specialists, administrative assistants, and other administrative and professional personnel who are not librarians in col. f. Remember those entered on lines 22 - 26 cannot appear in Chart (lines 27 - 31).

23. PLANT OPERATION AND MAINTENANCE STAFF. Column (g) includes building guards.

PART III - LIBRARY RECEIPTS BY SOURCE (Lines 32 - 39 Attached survey form)

24. BALANCE CARRIED FORWARD. (line 32) Please report, as in standard accounting-audit procedure and according to Code of Iowa, Chapter 384 Division II.

25. CAPITAL FUND (TRUST/PROJECT) Please be certain to note this division of Library Receipts. A Capital Fund consists of income put aside for a specific project(s) to be used at a time not necessarily occurring in the reporting year (may be called Building Fund, Agency Account, etc.). Any account must be created in accordance with Iowa Law. Be certain to include all existing funds in this account(s) that are carried forward on line 32, column B.

26. MUNICIPAL, COUNTY. (lines 33, 34) Report all revenue and nonrevenue receipts produced within the community, town, county of the public library, and available for expenditure by the public library in the amount produced. Please include estimates of funds paid by city, town, or county for library, but not from library funds. Example: 1) If the village board of trustees gives the library a rent free building find out the dollars spent by village in maintenance, services, debt repayment, etc. and add to proper line Part III. 2) If City Council/Board of Supervisors pays for utilities used by library - find out from those authorities the total amount paid and add to income from that source.

27. FEDERAL REVENUE SHARING. (line 35) All revenue from the Federal Government, under the Federal Revenue Sharing Programs, and distributed to public libraries for expenditures by the public libraries, even though the Revenue Sharing is delivered through local or county boards.

28. OTHER FEDERAL. (line 36) All revenue from the Federal Government except revenue received under the Federal Revenue Sharing Programs, and distributed to public libraries for expenditure by the public libraries, including such Federal grants distributed by the State or Region.

29. GIFTS AND DONATIONS OF DOLLARS. (line 37) Report all gifts and donations of money from all souces. Do NOT included the value of gifts and donations of books and other library materials and equipment.

30. OTHER RECEIPTS. (line 38) Report all receipts other than those given in Lines 32 through 37. This amount is the difference between the sum of receipts reported in Lines 32 through 37 and the total receipts, reported in Line 39. Do NOT include the value of any contributed services and the value of "in-kind" gifts and donations. Include contracts here.

31. ENDOWMENTS given to the library during the fiscal year, in the form of stocks, bonds, money, etc. should be entered on line 37.
INTEREST earned on endowments should be entered on line 38 (Other Receipts).

Please be certain to appropriately enter all sums in this section either as Operating or Capital Funds from all sources.

PART IV - LIBRARY EXPENDITURES FROM ALL SOURCES (Lines 40 - 52 Attached survey form)

33. NOTE: To insure accurate reporting, have your business officer provide the entries made in Lines 40 through 52. Report only such funds expended or encumbered during fiscal year, regardless of when the funds may have been received from federal, state, local, or other sources. Report all expenditures as whole dollars only omit cents.

Since it is becoming increasingly important to find out the nature of the funds spent during a fiscal year, please be accurate in denoting whether money spent came from Operating Funds (col. A) or Capital Funds (col. B).

34. SALARIES AND WAGES (line 40). This amount should reflect the actual salaries and wages for all library staff except plant operation and maintenance staff, as reported in Part II (col g) (This amount should be added into line 50). Include salaries and wages before deductions, but exclude "fringe benefits". (Should be added in line 51).

35. BOOKS. (Line 41). This amount should be the expenditures for the books purchased during the fiscal year, as reported in Part V. It should exclude expenditures for periodical subscriptions and microforms. It should include preprocessing costs, where applicable.

36. PERIODICALS (line 42). This amount should be the expenditures for the unbound current periodical subscriptions purchased during the fiscal year, as reported in Part V. It should exclude expenditures for books, microforms, and binding of periodicals.

37. MICROFORMS. (Line 43). This amount should be the expenditures for all microforms purchased during the fiscal year, as reported in Part V.

38. AUDIO-VISUAL SUPPLIES AND MATERIALS. (Line 44). This amount should be the expenditures for all of the audio-visual supplies and materials purchased during the fiscal year, as reported in Part V (lines 69-72). It should exclude expenditures for microforms.

39. OTHER LIBRARY SUPPLIES AND MATERIALS. (Line 45). This amount should be the expenditures for supplies and materials other than books, periodicals, microforms and audio-visual supplies and materials, purchased during the fiscal year, as reported in Part V. (line 73) Include art prints.

40. BINDING AND REBINDING. (Line 46). Report only expenditures paid to commercial binderies for all binding and rebinding of books and periodicals during the fiscal year. DO NOT allocate wages, materials, etc., for binding.

41. AUDIO-VISUAL EQUIPMENT. (Line 47). This amount should be the expenditures for all audio-visual equipment purchased during the fiscal year.

42. OTHER LIBRARY EQUIPMENT. (Line 48). This amount should be the expenditures for all other library equipment purchased during the fiscal year.

43. CAPITAL OUTLAY. (Line 49). Report all expenditures during the fiscal year which resulted in the acquisition of fixed assets or additions to fixed assets, except for the purchase of library equipment (reported in lines 47 and 48). Include expenditures for sites, buildings, additions to buildings, remodeling of buildings, initial bookstock and equipment for new and/or expanded buildings, new vehicles, etc. Be certain to designate the source of the funds for these expenditures.

44. PLANT OPERATION AND MAINTENANCE. (Line 50). OPERATION OF PLANT consists of the housekeeping activities concerned with keeping the physical plant open and ready for use. It includes cleaning, disinfecting, heating, lighting, communications, power, moving furniture, handling stores, caring for grounds, and other such housekeeping activities as are repeated somewhat regularly on a daily, weekly, monthly, or seasonal basis. Rent, if applicable, should be included here. It does NOT include the repairs and replacement of facilities and equipment. MAINTENANCE OF PLANT consists of those activities that are concerned with keeping the grounds buildings, and equipment at their original condition of completeness or efficiency, either through repairs or by replacements of property. It does NOT include the replacement of a total building. All fiscal year expenditures for the operation and maintenance of plant should be reported here. Include the salaries and wages of plant operation and maintenance staff, as well as the expenditures for contractual services for plant operation and maintenance.

45. ALL OTHER EXPENDITURES. (Line 51). The amount reported here should be the difference between the amount of total expenditures (Line 52) and the sum of all itemized expenditures (sum of Lines 40 - 50).

46. TOTAL EXPENDITURES. (Line 52). This amount should be the sum of lines 40 - 51.

PART V - LIBRARY COLLECTION (Lines 53 - 73 Attached survey form)

47. ADDED DURING FISCAL YEAR. Report the gross number added. Do NOT substract the number withdrawn. Withdrawn books will be reflected in 2nd column. (Held at end of Fiscal Year)

48. BOOK STOCK. (Lines 53 - 60). Report the library's cataloged collection(s) of books. If a government document or a yearbook has been cataloged as a book and shelved with books, it is to be reported as book stock. Collections of government documents, pamphlets, paperback books, technical reports, manuscripts, memoirs, proceedings, transactions of societies, monographic and publishers' series, etc., that are NOT cataloged in the same manner as books should NOT be reported as book stock. Paperbacks should be reported on Line 61. Book stock may be cataloged by the Library of Congress, Dewey Decimal, or any other classification scheme adopted by the library.

NOTE It is important that you answer all the lines in the Book Stock section. The Circulation-Acquisition sheets provided by the State Library have enabled the recording of juvenile fiction, non-fiction, adult fiction and non-fiction separately. If you are in doubt about statistics for the Added during Fiscal Year column, please consult your sheets. If you do not have Held at End of Year statistics please try to estimate and put () around those figures.

49. TITLES. For reporting purposes, a title is a publication which forms a separate bibliographic whole, whether issued in one or several volumes, reels, discs, slides, or parts. It applies equally to printed materials, such as books and periodicals, as well as to audiovisual materials and microforms.

Report the number of items for which a separate shelflist card has been made. (SHELFLIST: A record of materials in a library, arranged in the order in which the materials stand when they are shelved or stored.) Thus, six copies of the same edition of a title count as one title; two editions of the same title which have been cataloged or recorded separately count as two titles; a set of six items for which six shelflist cards have been made counts as six titles; and two sets of the same edition for which one shelflist card has been made count as one title.

METHOD FOR ESTIMATING THE NUMBER OF TITLES IN THE COLLECTION: A library which does not maintain a title count of its various collections, and that cannot easily count the number of separate shelflist cards, should use the following statistically sound method for estimating this count.

1. Count the number of titles in one inch of the shelflist cards in the shelflist;
2. Repeat step one at random intervals (e.g., count one inch in every foot) throughout the shelflist;
3. Average the number of titles per inch;
4. Multiply the average titles per inch by the number of inches of cards in the shelflist.

50. VOLUMES. (Line 60). For reporting purposes, a volume is a cataloged physical unit of any printed, typewritten, handwritten, mimeopgraphed, or processed work, contained in one binding or portfolio, hardbound or paperbound, which has been cataloged, classified, and made ready for use. Number of volumes on line 60 represent titles given on line 59.

51. PERIODICALS. (Lines 62 - 64). A periodical is a publication constituting one issue in a continuous series under the same title published at regular or irregular intervals, over an indefinite period, individual issues in the series being numbered consecutively or each issue being dated. Newspapers as well as publications appearing annually or less frequently are included in the definition.

52. CURRENT PERIODICAL SUBSCRIPTIONS. (Line 64). Report number of titles subscribed to during fiscal year, and not number of individual issues (exclude duplicate subscriptions).

53. PAMPHLET - (Line 65) Definition: a complete unbound non-periodical publication of usually not fewer than 5 nor more than 48 pages, exclusive of covers. A pamphlet is usually bound with a cover of the same weight as or slightly heavier paper than that of its content pages.

54. MICROFORMS. (Lines 66 - 68). Microforms are materials that have been photographically reduced in size for storage, protection, and inexpensive publication purposes, and which must be read with the help of enlarging instruments. Examples of microforms are: microfilm, microcard, and microfiche. These are also called microcopy and microtext.

55. AUDIOVISUAL MATERIALS. (Lines 69 - 72). These are nonbook library materials which require the use of special equipment in order to be seen and/or heard (exclude microforms; include super 8mm/8mm/16mm/ films, videoreels/cassettes/discs, records, audio tapes/reels/cassettes/cartridge, filmstrips, slide sets, multi-media kits, transparency sets)

56. ALL OTHER LIBRARY MATERIALS. (Line 73). These are nonbook library materials which do not require the use of special equipment in order to be seen and/or hear (include art prints, sculpture, flat pictures, study print sets, maps, charts, games, etc).

PART VI - LIBRARY LOAN TRANSACTIONS (Lines 74 - 88 Attached survey form).

57. NOTE: This part should be done by using your monthly tally sheets for FY82-83.

58. INTERLIBRARY LOANS. (Lines 86 - 87). These are materials sent in answer to specific title and author requests made between libraries. Subject requests should be included in Part VII where reference requests are reported.

59. BULK LOANS. (Line 88). List only the total number of bulk loans/rotating collections received. DO NOT include the total number of cataloged items in each bulk loan recieved. The number entered on this line should reflect the number of times a bulk loan/rotating collection is received each year. DO NOT include any bulk loans which are created in your library and sent out.

PART VII - REFERENCE REQUESTS. (Lines 89 - 92 Attached survey form).

60. REFERENCE REQUEST. These are requests for either a distinct piece of information or guidance in the research of a more general topic. Reference request is considered synonomous with information request.

PART VIII - LIBRARY PHYSICAL FACILITIES (Lines 93 - 100 Attached survey form).

61. Please note that lines 93-100 should include combined data for all branches.

PART IX - MISC. (lines 101,102)

Please fill in as much information as possible in this section.

62. CONTRACTS. (line 101) If you need additional space, please use back of page. Contracts for service to communities without public libraries. Be certain to include population of that community as well as fee paid to your library.

63. Line 102 - It is very important that this information be accumulated if there are ever to be answers to such questions as: Are you supported equitably for your services to various populations? Are your payments for services related to actual service given? Can you calculate a unit cost for your circulation service? The headings for data in this question can suggest to you a way to approach a tally system for your library.

Col. A - rural patrons/circs from home county of your library.
Col. B - rural patrons/circs from counties other than the county in which your library is located.
Col. C - patrons/circs from communities (without public libraries) which contract with your library for service.
Col. D - patrons/circs from other communities which have libraries or library service.
